

CENTRAL BOARD OF SECONDARY EDUCATION

Class VIII · English Language and Literature

READING COMPREHENSION · UNIT TEST

Passage: ·Invasive Species· (Achenbach)

Time allowed: 45 minutes

Maximum Marks: 20

Answer with reference to the passage. Marks are shown in brackets.

SECTION A

(Attempt all questions from this Section)

1. Explain how pandas in China are similar to koalas in Australia, and how both are different from pythons. Support your answer with information from the passage. [5]
2. The author uses the word ·invasive· throughout the passage. Explain why this word is significant. [4]
3. Answer the following about the animals named in the passage:
 - (i) Name the single food source each specialist depends on. [2]
 - (ii) State whether a python is a specialist or a generalist. [1]
4. Draw a labelled diagram contrasting the range of a specialist with that of a generalist. [3]

SECTION B

(Attempt any one question from this Section)

5. Suggest two measures a government could take to limit the spread of an invasive species. [5]
6. Describe the tone the author adopts towards the pet trade, quoting one phrase in support. [5]
